

PRE A LEVELS

ENTRANCE REQUIREMENT

3 x 3 grades from previous examinations.

COURSE INFORMATION

Part of our successful Sixth Form, the full time Pre A level course is a one-year, intensive programme designed to prepare you for A level study or an alternate level 3 qualification. It is an academic course that will enable you to build a good foundation of knowledge in terms of subject specific and English language skills. You will be required to study GCSE Maths and English alongside Level 2 BTEC extended certificate in Business Studies equivalent to three GCSE's. You will study for a total of 24 hours per fortnight plus tutorial time, and extra time for Maths and English if either is needed.

MATHS

Having a strong foundation in English and maths can be a huge benefit to you day-to-day and develop the numerical skills necessary to boost your understanding. The GCSE Maths course will provide learners with a range of skills required for future career progression and further education study in a variety of subject areas- computing, Business.

ENGLISH

GCSE English will provide you with the skillset that will be essential for future career progression and further education in a variety of sectors. As an essential qualification for many jobs and courses, GCSE English aims to develop your oral communication, language, reading and creative writing skills. You will learn the core English skills, which will help you to improve your literacy as well as your ability to interpret and engage with written and spoken English.

BTEC LEVEL 2 AWARD IN BUSINESS STUDIES

The Level 2 BTEC First extended certificate in Business is made up of 12 units, two of which are externally assessed through examination. The certificate in Business has been designed to provide an engaging and stimulating introduction to the world of business. The 12 units look into key aspects of business including Marketing, finance, Human relations and business operations and is equivalent to three GCSE's.

FURTHER OPPORTUNITIES

Continue with studies to A Level or Btec Level 3 Diploma.
