## Department: History

### Year 12

**“History is who we are and why we are the way we are” - David McCullough**

A high-quality history education will help pupils gain a coherent knowledge and understanding of Britain’s past and that of the wider world. It inspires pupils’ curiosity to know more about the past. Teachers will equip pupils to ask perceptive questions, think critically, weigh evidence, sift arguments, and develop perspective and judgement. History helps pupils to understand the complexity of people’s lives, the process of change, the diversity of societies and relationships between different groups, as well as their own identity and the challenges of their time.

The aim for the History Department is to provide a curriculum and experience that is truly comprehensive and enables **all** learners to thrive, develop and grow in the widest sense. Most of all we want our learners to discover the joy of learning and to gain the skills that will enable them to continue learning throughout their lives.

The department’s mission statement is:

***“Through engaging and challenging lessons, all learners will develop a lifelong love of learning and an enthusiasm for the study of History”.***
