

St Cuthbert Mayne School Curriculum Map 2023-2024

Department: Beauty Therapy

Year 12

The VTCT Level 2 Diploma in Beauty Therapy is a substantial vocational qualification for learners seeking a career as a junior beauty therapist. This qualification is designed for learners aged 16 years or over. This is a vocational qualification and includes all the required elements to work effectively as a junior therapist including, mandatory units covering the following: facial skincare, waxing, eyelash and eyebrow treatments, manicure, pedicure, client care and health and safety. You will also have the opportunity to further develop your understanding and skills by selecting a number of optional specialist units. The structure of this qualification provides you with the flexibility to develop your knowledge, understanding and skills required to become a junior beauty therapist.

Career opportunities exist in a variety of contexts as a junior beauty therapist, including:

- Working in commercial beauty salons
- Working in a retail concession in a department store
- Working independently/self-employed/mobile/home-based settings

Whilst this qualification's primary purpose is to prepare learners for employment as a junior beauty therapist learners may choose to develop their skills further by undertaking technical level qualifications in beauty therapy at Level 3.

Year 12 Autumn Term 1

Topic/Unit	Unit 1: Follow Health and Safety Practice in the Salon Unit 2: Provide Facial Skin Care					
Knowledge (Content covered)	Covid 19	Infection Control	Hazards and Risks	Health and Safety Policies and Procedures	Skin Theory Muscles and Bones	Practical Treatments - Express, Basic and Deluxe Facials
Skills	<ul style="list-style-type: none"> Students will be able to maintain health, safety and security practices. As well as follow emergency procedures. The evidence for this unit must be gathered in a real or realistic working environment. Competent performance of observation outcomes must be demonstrated to the assessor on three separate occasions. Students must know all the knowledge and understanding within the unit and this can be demonstrated through case studies, oral/written questioning or other forms of evidence. Learn about maintaining and improving facial skin condition using exfoliation, skin warming, comedown extraction, facial massage, mask treatments and facial moisturising products. They will need to maintain effective health, safety and hygiene procedures throughout their work. 					
Assessment An exam for each unit will be taken when each unit has been completed. x1 Covid x1 Health and Safety x2 Facials	Exam x1	In class tests & Home Learning Exam	In class tests & Home Learning Exam	In class tests & Home Learning Exam	In class tests & Home Learning Exam	In class tests & Home Learning Exam / Formative and Summative Assessments
Gatsby 4 (Linking curriculum learning to careers) GATSBY BENCHMARK 4	The importance of the health and safety unit is for students to understand the correct health and safety procedures that need to be followed when completing any beauty treatment within the industry. The first practical treatment that students learn is facial skin care. This is the first step into skincare where students learn the express, basic and deluxe manual facial. This will enable them to work within a salon completing these treatments.
